Community Details

Designed in collaboration with GE's Ecomagination initiative Discovery at Spring Trails is a unique community with the goal of achieving a healthy, sustainable lifestyle, as well as having all the conveniences of living just off I-45 and the Hardy Toll. The GE's Ecomagination program features renewable energy savings with solar power, whole-home energy efficiencies, advanced building science, water conservation and indoor air quality. Land Tejas has created a living environment that will enrich, reward and educate for years to come and provided resort style amenities for your family to enjoy. This one of a kind community is ideal for your new Plantation Home.

Amenities

- Discovery at Spring Trails will be integrated, interconnected, and designed to achieve the goal of healthy, sustainable lifestyle -- a community that uses natural resources wisely, preserves the environment, and produces benefits for its new residents and future generations
- GE Ecomagination homes are designed to reduce energy use and overall utilities saving in the home by up to 50% or more
- GE is offering Energy Star lighting, and appliances, in-home energy and waste management control panel, and solar energy system
- Advanced pre-home wiring so residents can easily install monitoring cameras, control lighting from one location, share computers, printers and entertainment equipment throughout the home
- Featured in each home, the ecomagination dashboard is a wall-mounted, touch-screen LCD panel that serves as a centralized display and control unit for security, HVAC, audio & intercom, and lighting controls. It displays utility usage in the home, including real-time and trended monitoring of energy use, water use, and renewable power contribution
- One of the only master-planned communities with curbside recycling
- Sensors, controls and equipment that will be used throughout the common areas of the community for energy and water management
- Within easy hiking distance, the Spring Creek Greenway Project will connect existing parkland along the south side of Spring Creek with the remaining undeveloped land to create a 10-mile, 2000-acre linear park with a canoe launch, parking lots, rest areas, and picnic grounds
- Resort-style 3.2 acre Recreation Center, Clubhouse and Splashpad Texas located in the community features a tot pool, family pool, lap pool, cabana and playground

- Conroe ISD
